

FREE PORTABLE SIGN RENTAL*

INCREASE SALES \$ INCREASE CUSTOMERS \$ INCREASE ADVERTISING

Our sign customers are long term customers as they know the signs are effective and our customer service is great.

Portable signs offer your business an opportunity to get your message to the customer.

Our portable signs are designed for high visibility, easy reading, and economical pricing.

We have traffic flow maps to help place your sign so you can reach the maximum people.

Recently, a sport team used our sign and had their team roster filled in a week.

A customer wanted to test market a new product. They rented a portable sign from us. Within two weeks they had to stop advertising that product as the demand was too high and the supply too low.

Our signs offer the highest possible contrast. Studies have shown black and red letters on a white background makes for easy reading. It is important customers see and read your message.
